Black Sun Oasis of the Ordo Templi Orientis is located in Akron, Ohio, about 40 minutes south-east of Cleveland and is one of the oldest OTO bodies in the Midwest. Black Sun Oasis is an initiating body of the O.T.O., being chartered to conduct the "Man of Earth" (O' - III') Degree initiations of the O.T.O.

Additionally, Black Sun Oasis performs the Gnostic Catholic Church's (EGC) Gnostic Mass regularly. Black Sun also holds weekly meeting on a myriad of subjects from ceremonial magick, Freemasonry and esoterica to philosophy, politics and literature.

Black Sun Oasis is also involved in an ongoing study of Freemasonry, especially fringe elements such as the Rite of Memphis and other Rites that have a strong influence upon the development of the Western Mystery Tradition at the close of the Nineteenth Century.

Black Sun Oasis publishes an occasional journal called IPSOS that is available for \$8.00 and is limited to runs of 23 copies. The last issue was 93 pages and covered articles on literature, astrology, Freemasonry and Qabalah. All articles in IPSOS are original and have not appeared elsewhere.
